

YOUR CLIMATE CONTROL SPECIALISTS

24/7 RESPONSE. WHERE YOU NEED IT.

RENTAL EQUIPMENT & SERVICES

When the temperature isn't on your side, **24/7 Spot Coolers** is. We provide solutions to keep businesses running smoothly—whether you're dealing with an AC failure, excess humidity, or the need for cleaner air. With a full range of reliable equipment and 24/7 support, we're here to make climate control one less thing to worry about.

OUR RENTAL SOLUTIONS

Cooling – Keep workspaces, server rooms, and job sites comfortable with spot coolers and portable AC rentals.

Heating – From portable heaters to spot coolers with heat pumps, we provide heat when and where you need it.

Drying – Combat moisture issues with dehumidifiers and air movers, protecting your space from mold and damage.

Air Movement – Improve circulation in challenging environments with high-powered air movers and fans.

Air Purification – Create a cleaner and safer space with air scrubbers and HEPA filtration systems that remove contaminants and odors.

INDUSTRIES & MARKETS SERVED

RELIABLE CLIMATE CONTROL FOR EVERY BUSINESS

Our portable air conditioners and air scrubbers keep medical environments safe.

Our spot coolers and air purifiers maintain a comfortable learning environment.

Our portable cooling and heating solutions keep employees comfortable so businesses can stay focused on what matters.

Our spot coolers and portable heaters help restaurants, hotels, and more maintain ideal conditions year-round.

Our dehumidifiers, air movers, and spot coolers are used in major shipping hubs to regulate temperature and moisture levels.

Our high-powered spot coolers provide immediate relief to prevent costly downtime and protect sensitive equipment.

Provide targeted cooling for worker comfort in hot zones near furnaces, welding areas, or for temperature-sensitive equipment.

Our portable cooling and heating solutions help keep guests comfortable and events running smoothly.

LOUISIANA

From hurricane recovery in New Orleans to emergency cooling for Baton Rouge hospitals, businesses here face extreme conditions year-round. We provide portable heaters, air scrubbers, and spot coolers to restore comfort and air quality when it matters most.

ALABAMA

When summer heat pushes HVAC systems to the limit in Birmingham or Mobile, businesses can't afford downtime. Our spot cooler rentals help keep restaurants, schools, and event venues comfortable, while dehumidifiers and air movers protect equipment and inventory in humid conditions.

TEXAS

Whether it's an HVAC failure in a Dallas high-rise, cooling a Houston refinery, or keeping a San Antonio construction site dry after heavy rains, Texas businesses trust us for fast, expert climate control solutions. We know Texas weather doesn't play fair—that's why we're always ready.

NORTH FLORIDA

From Jacksonville to Tallahassee, businesses battle the heat, humidity, and sudden temperature shifts. Whether it's a university lab needing precise cooling or a restoration company handling storm damage, our air movers, dehumidifiers, and air scrubbers are ready to get the job done.
